Generation Special

Generation Special:
KNGHA will continue to run a special on registrations on parent proven horses, in order to encourage the registration of offspring's. The association's goal is to preserve this horse through the means of DNA testing and to become an established breed. University of Kentucky reports that 5 generations of DNA testing is necessary to have the sample size necessary to become

a breed. We are well on our way of meeting this goal but there are numerous horses out there that could be registered as parent proven. To be considered for parent proven a horse must have at least one parent registered with the KNGHA and DNA testing conducted.

So, to encourage these registrations we are running a special on reduced registration fees for parent proven horses. The

prices are as follows and this does **include DNA Testing:**
Second generation parent proven registration: \$60.00
Third generation parent proven: \$55.00
Fourth generation parent proven: \$50.00
Fifth generation parent proven: \$45.00
The registration fee for non-parent proven mares & stallions remains the same - \$75.00 , and \$40 for geldings.

Color Gene Testing

Whoever said that money can't buy happiness....didn't know where to buy a horse.

When registering your horses remember that for a minimal fee you can also have your stallion or mare tested for a specific gene thru the University of Kentucky. Prices

are as follows:
E Locus (Red Gene) - \$35
Agouti (Bay / Black Gene) - \$25
E Locus and Agouti Combo - \$50
Cream Gene - \$35
Sabino - \$35

Tobiano Double DNA Marker Test - \$40

Contact KNGHA office for Color Gene Testing Forms.

Horse Shows

If anyone is interested in having KNGHA classes in their shows this year please contact: Jerome Gullett (606) 495-7141 or Buddy Pennington (606) 738-5073, as we may want to use these for High Points.

KNGHA will be scheduling several High Point Classes for the 2010 show season. Please remember that the Rider and Owner of horse being shown must be members to be eligible for High Points. We will be listing shows on the KNGHA website, when they become available.
